About

I am an enthusiastic front-end developer, passionate about learning and applying the latest technologies. I have a strong understanding of **HTML**, **CSS**, and **JavaScript** fundamentals, and am currently developing my skills in **React**, **Next** and modern Ui frameworks like **Tailwind CSS**, Material-ui.js through personal projects. I am looking for an opportunity to join a dynamic development team where I can apply my knowledge and gain hands-on experience. I am excited to learn more and contribute to building innovative web applications. My objective is to get an internship or a full-time job working as a front-end developer.
